Work Experiences

Regional Ad Operations Support

FreakOut Sdn. Bhd. | Apr 2024 - Present

Part of a team of specialists responsible for developing and deploying all campaigns both national and international company-wide.

- Develop and deploy digital ad formats and campaigns across multiple platforms for national and international clients.
- Monitor campaign delivery, identify and troubleshoot issues, and coordinate resolutions to maintain quality and performance.
- Validate ad tags, tracking pixels, and campaign implementations to ensure accuracy and reliable performance measurement.
- Review campaign data and reporting to identify discrepancies, maintain data accuracy, and ensure 80%+ KPI alignment across rich media campaigns.
- Manage and supervise 800+ local campaigns, collaborating with cross-functional teams to resolve issues and deliver campaigns generating approximately USD 1.2M in revenue.

Digital Campaign Ad Operations Intern

FreakOut Sdn. Bhd. | Jan 2024 - Apr 2024

- Supported campaign setup, implementation, monitoring, and quality checks across digital advertising platforms.
- Checked campaign components and creative formats against requirements to ensure correct implementation and delivery.
- Assisted in identifying campaign issues and coordinating with relevant teams to resolve discrepancies.
- Monitored campaign performance and reporting data to support accurate tracking and campaign optimisation.
